**ANNUAL REPORT.**

The annual report shall include:

- A summary of all exceptions to standards. In addition to identifying the IACUC-approved exceptions, this summary must include a brief explanation of the exceptions, as well as the species and number of animals affected;
- The common names and numbers of animals used in each pain category.

\*\*\*The most recent annual report did not include the exception to the space requirement for pigs used in the Teaching Animal Unit. This exception was approved by the IACUC but not reported.

\*\*\*Some animals were not reported on the annual report. The bulk of these were teaching animals in Category C which did not involve any painful procedures. Need to review internal procedures for reporting animal numbers to ensure that all animals are accurately reported. After internal review is completed, need to file an amended annual report with correct numbers and classifications and any exceptions to the standards. Correct by July 10, 2006.

**3.131 ( c )**

**SANITATION.**

Housekeeping. Premises (buildings and grounds) shall be kept clean and in good repair in order to protect the animals from injury and to facilitate the prescribed husbandry practices set forth in this subpart.

\*\*\*In Finger Barn 5, the ceiling in front of the cage washer is deteriorated, with peeling paint and small holes thru sheetrock. This building is scheduled for major renovation in future; however, interim measures need to be taken to keep this area in good repair. Affects one woodchuck. Correct by September 9, 2006.

NOTE: This inspection did not include the Equine Research Unit in Sanford, NC.
